

PREPARING AN ARCHITECTURAL BRIEF

1 **PAIR WORK. Preparing an architectural brief.**

Here is a list of materials and equipment that could be used in remodelling a mountain cottage. Discuss your choices with your classmate, then write your "Architectural Brief" laying down your ideas. In your exercise book draw a sketch of your ideal cottage.

PART OF THE BUILDING	MATERIALS AND EQUIPMENT
Roof	Clay tiles, slate, thatch, metal
External cladding	Stone, bricks, gypsum plaster, mortar plaster
Kitchen flooring	linoleum, ceramic, marble
Sitting room flooring	Solid wood, ceramic, marble, carpet
Bedrooms flooring	Solid wood, ceramic, marble, bricks
Bathrooms flooring and wall coating	Laminated wood, ceramic, marble, stone, mosaic with glass chips
Cabinet	Ceramic, laminated wood, linoleum
Internal staircase	Iron, marble, chestnut wood
Heating system	Fireplace, central heating + fireplace, central heating, wood pellets stove
