# GAMES AND INTERACTIVE ACTIVITIES

**1** Hidden words. How many words can you find? Use the vocabulary from unit ten if you need to.

**2** PAIR WORK. Say whether the statements are true or false. When the teacher tells you the correct answers, give yourself one point for each correct answer, and two if you have corrected the sentences which were wrong. The student with the higher score is the winner.

HOW TO APPLY

### clip in hair extensions

Order of application can vary, however we find the below works best:

**5 PIECE SET**  
2, 3, 5, 1, 1

**9 PIECE SET**  
3, 3, 5, 5, 3, 2, 2, 1, 1

1. At the nape of your neck, section off your hair using a tail comb & clip the rest out of the way
2. Apply your first piece along the section, starting with the middle clip working outwards
3. Continue throughout the the rest of your hair, with each piece being applied approx 1" above the last
4. Brush through & style your ZALA's to taste!

*Tips:* 

- USE THE SINGLE CLIP PIECES WHERE YOU MIGHT FEEL THE NEED TO FILL AND BLEND OUT YOUR LAYERS
- TRY NOT TO APPLY EACH PIECE TOO CLOSE TO THE HAIRLINE
- FOR A MORE LAYERED EFFECT, APPLY THE 2 & 1 CLIP PIECES ON A SLIGHT ANGLE TO CREATE SHAPE AROUND THE FACE

**2**  **PAIR WORK.** Create a table summarising:

- the different types of hair extensions available;
- how they are applied;
- how long they last on the hair.
