GAMES AND INTERACTIVE ACTIVITIES

1 **GROUP WORK.** Split up into two teams. In turn, each of you will have to explain a given word without using some others.

► Student A: *It's a tool used to straighten or curl hair.*

Student B: *It's a brush!*

BRUSH

- Round
- Flat
- Blow-dry

2 **GROUP WORK.** Split up into teams of three or four players. You will need one of these cards per team. The teacher will say a letter and then give you thirty seconds to write a word which starts with the given letter for each column. 2 points are given for each original word, 1 point for each repeated word among different teams.

REAL-LIFE ACTIVITIES

- 1**   **GROUP WORK.** Split up into groups of three or four people. Think of a new product from the suggested ones and prepare a strategy to sell it. Then, present it to the class.

shampoo • conditioner • wax • mask • serum • spray • gel • hair-loss treatment • paste • heat protector

Think about:

- target
- function
- main ingredients
- name
- packaging (shape and colour)
- price
- place where you would sell it
- special campaign to launch it
- sponsors or testimonials you would use.

- 2**  **Bring a few hair products from home. Prepare tags to display them and, in turn, role-play dialogues to sell them.**
